Name:	Ammon, Sally
Email Address:	violet08@centurytel.net
Length & Description of Caregiving Experience:	I started professional caregiving at 12 years old. I cared for a neighbor who was pregnant with twins. Then my son was born in 1984 and started having seizures at three months old. He was later diagnosed with developmental delay after his 4th birthday. My son is now 37 years old and lives on his own with help, but he is a long term client. My next client was an elderly gentleman, starting in 1992, I did cleaning, escorting, cooking, etc. for about 3 years before he died. Since then I have had many clients, both private and state paid, all here on Vashon. I have been certified by the state since 2009, and have had 12 hours of continuing education ever since. I have countless references for private and state paid clients on Vashon. I also have a long career as a private housecleaner and gardener on Vashon, and although I no longer do long hours of that type of work I still do some of that for my clients.
Certification/License:	I am licensed with DSHS of WA, have a contract with Consumer Direct Washington (WEI022764) and am a member of SEIU775. I am not a CNA.
Independent Provider approved by DSHS for State-benefited work including COPES:	Yes, but I am not able to take DSHS, COPES, or state paid clients right now.
Areas of Special Interest/Experience: (hospice, dementia, companion care)	I have done a good deal of hospice and companion care. I am drawn to hospice and feel strongly that leaving this life deserves the same attention and care as entering this life. I have a 3 year degree in Energy Healing with the Innersource organization. I do occasional energy sessions out of my home, and taught a class on Energy Medicine for The Eyes at the Senior Center a few years ago.
Available for Overnight Care:	No
Available for Weekend Care:	No
Have own transportation:	Yes
Willing to do preliminary interview/meet & greet with family free of charge:	Yes
Additional information:	I am very open to companionship with people, pets and hobbies. I used to sing professionally and can play the piano some. I find music is the universal language and makes life more fun. I studied floristry and sometimes bring bouquets from my garden for my clients. I am a self made herbalist and make my own tinctures and teas and study herbs at home. I am one of Vashon's original "Beach Naturalists", and have taught at the Low Tide Celebrations for several years. Hospice patients have a very special place in my heart. I hope to attend classes on helping with this transition in the future.

Length & Description of Caregiving Experience:	25 years. First with both of my parents, father with dementia through end of life, mother with round the clock care-for last 3 years of her life-she passed 10 years ago. Both parents were able to pass in their own home. Moved to Vashon 9 ½ years ago and worked at doctor's office. Started caregiving as a side job here because I enjoy being around and helping my elders. Helped a few friends until I was introduced to the Vashon Care Network. My first client here on Vashon was such a joy that I visited her often even after she was moved to a facility. This has happened more than once. I deeply care for the people I care for. I believe everyone should be treated with kindness and compassion, no matter their situation. And also stay in their home if possible. I work a full time job at a financial institution and am an active artist and member of VIVA. I volunteer at VCA and other fund raising functions on the island. I have stepped back from caregiving at the moment but would like to stay in the group as I will be back. Caregiving is not just a job, it is a labor of love and compassion for me. I am humbled and grateful that I am trusted to care for others family members.

Length & Description of Caregiving Experience:	I have been a Certified Nursing Assistant (CNA) since 1987. I have training and experience in hospice, as well. I have been a care team manager, and have experience with Alzheimer's, ALS ("Lou Gehrig's"), Parkinson's, and people recovering from surgery & needing rehab. I worked at the Senior Center for five years, and taught Enhance Fitness for Seniors for six years. This was an award-winning exercise program sponsored by the YMCA. Before the pandemic, I was a school teacher for four decades. I am honest, patient, and tolerant, with strong empathy for others. I am also quite emotionally intelligent – I think it's humor that helps to get us through the hardships in life! I keep a positive and upbeat attitude. Having recently retired from other pursuits, I am looking for a companionship position. I can provide cognitive stimulation, light housekeeping, light food prep, laundry, care of plants and pets, and errands.
Certification/License:	CNA license – will provide license number

Length & Description of Caregiving Experience:	Think how you or your loved one is missing out on enriching experiences due to a disability, and we can make them accessible again! A weekend trip to Portland? A day trip to the coast? Or...? In 2009, my mother was diagnosed with type 3 brain cancer and passed in 2023. Over that 14 year period, I provided all types of care, including three trips to India with a motorized wheelchair and walking aids. I make my services available for trips and activities to help improve my clients' quality of life. I am able to lift hundreds of pounds and have extensive experience with transfer from wheelchair to car, to airplane, to any other seating or transportation, as well as addressing things like bathroom needs during travel. I can also provide all the necessary caretaking (bathing, cleaning, etc.) needed during activities or trips. Because of my age (38) and strength, I can provide my services to just about anyone. Open to almost anything if we can figure out the logistics. I will also help coordinate travel around ADA needs.

Length & Description of Caregiving Experience:	I bring years of childcare experience and am eager to transition into companion care for our elder residents - a vital need in our island community. Through my five years working at The Hardware Store Restaurant and The Vashon Pharmacy, I've built meaningful relationships with many island seniors. My rewarding friendship with an elderly islander has given me hands-on experience, over the last six years, assisting with meals, shopping, errands, technology, personal care coordination, and family communication. Currently pursuing my nursing degree, I'm committed to providing compassionate, reliable care to our community's elders.

Length & Description of Caregiving Experience:	I'm a very reliable person, patient, positive and energetic person. I am compassionate, a good listener, empathetic, trustworthy, with a sunny disposition. Besides raising three children with my husband, I enjoy caring for others. I've seen firsthand how valuable outside caregiving help can be for families wanting their loved ones to be cared for at home. I lovingly cared for my sister and then dear friend during their time living with cancer until the end of life. I'm familiar with an aging family member who had dementia and helped create a safe space for them to live, be respected and cared for. I can also help with errands, grocery shopping, cooking, light housekeeping and laundry.
